C. **Electronic Voting for Division Chairs** – Judy Calhoun presented the idea of utilizing electronic voting across the board for all divisions and committees. Historically, annual elections occurred at the ArLA Conference; this would allow members to vote that did not attend the conference. According to Article IX, section 5: Each Division or Round Table shall elect officers in accordance with their specific rules, subject to review by the Executive Board of the Association. All candidates and elected Division or Round Table officers and committee members must be Association members. The discussion was tabled. Kim Hillison representing ALPS announced that they are not voting for new chairs since ALPS is on a “hiatus” from ArLA. They are waiting to see if there will be money for an ALPS Conference next year. They are considering dissolving their division if there is no ALPS Conference in 2018.

d. **Committee member recruitment** – Carol Coffey wanted to promote new membership activity within ARLA committees. There was discussion on forming a committee to reach out to new members and to identify ways to make it easier for people to express interest in committee involvement. Currently, we have 28 exhibitors registered; 42 participated last year. Wi-Fi is costing participants’ $14.00/day. The final AV equipment list date is September 5, 2017. The bill includes $231 million to fund the LMIS, including LSTA; $27 million to fund the Department of Education’s Innovative Approaches to Literacy program. The next step in the process is for the full house to consider the bill when Congress returns to Washington after Labor Day. The Senate has not yet acted, but its committees will begin
