V. **Financial Report** – Kathleen Ashmore delivered the financial report. ArLA has $74,010.79 in Edward Jones and $84,301.69 in the checking account, $10,000 of which is scholarship money and $13,762 of which is LEAF funding. The operating cash balance is $60,539.69.

VI. **ALA Councilor Report** – Crystal Gates delivered the ALA Councilor’s report. LibLearnX took place in January. ALA Annual will take place in Washington, D.C. June 23-28, 2022. Crystal will be organizing an Arkansas dinner for attendees from the state during the conference. PLA will take place in March, and Crystal would be happy to organize an Arkansas dinner during that conference if there is interest from the state’s attendees.

The Transforming ALA Governance Taskforce (TAG) is the next step from the work that began with SCOE and the Moving Forward Together groups. TAG brought three proposals to Council in January and were able to present two of the proposals during Council sessions. Council approved those two proposals in concept, namely the proposals for handling governance-related functions and the culture of ALA governance. The third proposal regarding the actual governing body for ALA, i.e, either the Executive Board or Council, was not presented or addressed during Council’s sessions. A special session has been scheduled to discuss the third proposal on March 10.
Though no formal vote took place regarding the third proposal about the future governing body of ALA, a majority opinion did emerge from conversations and polls. Crystal reported that most Council members agree that Council should remain the policy-making body of the association, that it should be smaller than it currently is, and that Council should meet more frequently, e.g., 4-6 times per year instead of the current two meetings per year.

VII. Mail – Janice Weddle reported correspondence from Star Chapter Association Management Software and asked if the Board was interested in exploring their services. President Shankles shared several of the graphics that have been created so far. Tammie stated that the CI intends to work with the State Library to ensure that statistics presented in the graphics are accurate. Allie Stevens addressed questions placed in chat that the CI had not yet worked with the Marketing Committee, that they have worked with the AAAL group, and that they were concerned about the possibility of website storage and hosting of the materials.
